

DISTRICT-DESIGNATED SOIs

The following is a list of Statements of Interest (SOI) designated by districts as their most urgent and most needy. The list only contains designations from those districts that submitted multiple SOIs and only shows the one school the district identified. This list does not reflect the priorities of the MSBA, nor does it negate the other SOI submissions of the districts listed. Also, this list does not include the SOIs submitted by districts that submitted only one SOI. This list does not obligate or commit the Authority in any way to approve or fund any project.
