III. Current Status

The kindergarten has been reduced from seven classes to six, with one class being equally divided amongst the remaining six at the kindergarten teachers' request. The children had a transition period on Thursday and Friday and began regular classes on Monday. So far there has been a good reception from students and parents.

New energy saving lighting is being installed at Green meadow at no cost to the district.

A meeting will be held on March 23<sup>rd</sup> to review the food service program with regards to health and the quality of food.

The spring auction is scheduled for April 1<sup>st</sup>, tickets are being sold for \$15. It is estimated that there have been almost \$25,000 worth of donations made for the event.

The hoops-a-thon will be held on the 15<sup>th</sup>, and the funds raised will be put towards next year's vernal pool.

The next PTO meeting is scheduled for March 14<sup>th</sup>.

Grant money will be used instead of PTO funds for the new emergency release message system.

There was discussion regarding the request for lighter homework on family fun night.

#### IV. School Improvement Plan

Green Meadow has been holding regular fire and lockdown drills. The 3<sup>rd</sup> grade was recycling during the last fire drill, still all students were accounted for. Times have been improving and the courtyard alarm has been fixed.

The silent alarm is in place now. We are currently looking at door hardware and recess communication.

#### V. Public Input

Stacey Briggs will be joining the council as a community member.
